PROFILE

I am a **Bachelor's** degree student in **Computer Engineering** at the **Universidade Tecnológica Federal do Paraná (UTFPR - CP)**. I provide services for Urban Move as a **Web Scraping Engineer**. Currently, I'm seeking professional experience and improve my skills in **Data** and **Web Development**.

PROFESSIONAL EXPERIENCE

- Service provider for Urban Move as a **Web Scraping Engineer.**

07/2023 - present

PROJECTS DEVELOPMENT

- **Portfolio** website using **TypeScript**, **ReactJs**, **NodeJs**, **NextJs**.
- **RESTful API** in **Java Spring Boot** to register new sales in an **H2 database** and retrieve a list of sellers.
- **CRUD** system to manage a **To-do list** using **JavaScript**, **PHP**, **MySQL**, **Ajax**, **Jquery**, **HTML**, **CSS**.
- **Website** with search and login **RESTful APIs** using **MongoDB** in **Node.js** and **Express.js**.
- **Event website** with **CRUD** implementation using **RESTful APIs** in **PHP** (**Laravel**, **Blade**) and **MySQL** database.
- **Python Web Crawler** to run accessibility tests based on **WCAG** guidelines on web pages, using **Selenium Web Driver** and **Axe-core**.
- **Python Web Crawler** to extract job information from Linkedin and auction data using **Selenium** and **BeautifulSoup**.
- **Python**-based **Machine Learning** training model for a dataset of lung disease images, including an **analysis** of accuracy.

UDEMY COURSES

- Web Development with **PHP** and **MySQL** Databases.
- **Python** & **MySQL**.
